PRODUCT INTRODUCTION

Welcome to "GVM-520S / GVM-672S". This product is specially designed for senior photography enthusiasts. The product is suitable for live / outdoor / studio photography, and also for youtube video shooting. The main features of the product are:

① Two-color temperature characteristic with stepless adjustment, color range 2300K ~ 6800K, with hundreds of closely arranged LED bulbs, helps to restore and enrich the color of objects, providing you with natural and vivid shooting effect

② LCD screen display and stable system, which can support 360° rotation and effectively control the light Line. You can also install folding and external soft light board to avoid redundant light and make the light softer. You can customize the control of fill light, so that you can easily shoot the desired results.

We believe that once using our product correctly, you can make huge progress when shooting. Before using the product, you are strongly recommended to read the instructions below carefully.

1

DISCLAIMERS

- Before using this product, please read the instructions carefully and make sure you use the product correctly. If you don't obey the instructions and warnings, you may cause harm to yourself and the people around, or even damage the product and other things around.
- Once you use this product, you are deemed to have read the disclaimer and warning carefully, understand and acknowledge all the terms and contents of this statement, and promise to take full responsibility for the use of this product and possible consequences.

PRODUCT PARAMETER

- Brand : GVM
- Name : Photography light
- Type : Photography fill light
- Number : GVM-896S
- Number of light beads : 896
- Color-rendering Index : ≥97
- Color Temperature : 2300K~6800K
- Luminance : 24500lux/0.5m, 5400lux/1m
- Light Adjustment Method : Stepless adjustment
- Light angle of lamp bead : 25°
- Function / Characteristics : High color rendering index light beads, Joint control
- Power : 50W
- Power Supply Mode : DC Input & Battery
- Voltage : AC:100-240V
- Power specification : DC15V/4A
- Battery Capacity : 7.4V-4400mAh*2 (to be purchased separately)
- Weight : 1.9KG
- Size (mm) : 310x320x55
- Material : Aluminum alloy
- Heat Dissipation : Natural way
- Origin : Huizhou, China
