PRODUCT INTRODUCTION

Thanks for using "TQ-LD", this product is specially created for senior photography enthusiasts. The product can solve the problem of forgetting words and wrong words in live broadcast/studio photography/YouTube video shooting, making broadcasting more relaxed and natural.

The main features of the product are:

1. The base and bracket made of aluminum alloy make the equipment both light and strong.
2. The whole set of equipment adopts a simple and user-friendly handtightening screw structure, which is quick and easy to install. It has a multistage installation method. The 'display assembly' and the 'camera bracket' can be adjusted as needed. The distance of the mirrored screen and the height of the camera. Simple operation and convenient control.
3. For shooting, it is compatible with the installation of various photographic equipment such as SLR/digital cameras/camcorders.
4. The mirror plane adopts a colorless beam splitter, the surface is multilayer dielectric coating (hard film), no light loss, suitable for all kinds of highdefinition lenses, wide viewing angle design, the prompter document display is clear, there is no ghost, and the shooting is not worn.

We firmly believe that the correct use of this product will definitely be of great help to your shooting work. It is strongly recommended that you read the following user guide carefully before using the product.

DISCLAIMERS

1. Before using this product, please read the text carefully to ensure that the correct operation of the product has been carried out. Failure to follow and not following the instructions and warnings in this document may cause harm to you and others around you, or even damage the product or other surrounding items.
2. By using this product, you are deemed to have carefully read the disclaimer and warning, understand and acknowledge all the terms and contents of this statement, and promise to take full responsibility for the use of this product and the possible consequences.
3. Design and specifications are subject to change without notice.

PRODUCT PARAMETER

- ◆ Brand : GVM
- ◆ Product Name : Teleprompter
- ◆ Product Mode : TQ-LD
- ◆ Product Type : Photography Equipment
- ◆ Product Weight : 7.5KG
- ◆ Holding Weight : 10KG
- ◆ Product Size(mm) : 575x415x380
- ◆ Product Material : Aluminum Alloy
- ◆ Function / Feature :
 - ① 18.5 in Android all-in-one Screen.
 - ② Lightweight and easy to assemble and simple to operate.
 - ③ You can use a variety of photography equipment including mirrorless single-lens, single-lens reflex, and cameras.
- ◆ Commodity origin : China. Huizhou

- 7** As shown in the figure below, install the 'camera' to the 'camera bracket'.

FUNCTION INTRODUCTION AND INSTRUCTION FOR USE

① Reflect the content displayed on the 'display screen assembly' :

The mirroring screen can reflect the content of the 'display assembly' underneath when the camera is shooting, so that the subject can look directly at the lens and see the content of the 'display assembly' in the mirroring screen, which is very good for the subject. The teleprompter function does not affect the shooting at the same time.

② Compatible with various photographic equipment :

'Camera bracket' can be installed SLR, camcorder, digital camera, DV machine. Loosen the knob shown below to adjust the position of the 'camera stand'.

APP PLAYBACK SETTINGS

Scan the QR code on the back of the manual to download the APP

Note: this form should be confirmed by the salesperson's stamp.

Applicable Products

This document applies to the products listed in the relevant "Product Warranty Information" (see instructions below). Other products or components that do not fall within this scope (such as promotional products, gift items, and other components added after the factory) are not covered by this warranty promise.

Warranty Period

The corresponding warranty period for products and components shall be executed according to the relevant "Product Warranty Information". The warranty period starts from the first day of purchase of the product, and the date of registration on the warranty card at the time of purchase shall prevail.

How to Obtain Warranty Service

You can directly contact the product salesperson or authorized service agency, or call GVM's after-sales service hotline to contact us and have our service personnel arrange service for you. When applying for warranty service, you should provide a valid warranty card as a warranty certificate to be eligible for warranty service. If you cannot provide a valid warranty card, we may also provide you with warranty service under the circumstance that our products or components are confirmed to be within the warranty scope, but this is not our obligation.

Cases where warranty does not apply:

If the product meets the following conditions, the warranty and service under this document will not apply:

1. The product or parts have exceeded the corresponding warranty period.
2. Malfunctions or damages caused by incorrect or improper use, maintenance, or storage, such as improper handling, use for purposes other than the reasonable expectations of the product, incorrect insertion or removal of external devices, falling or crushing due to external force, or exposure to inappropriate temperature, solvents, acids, alkalis, water immersion, or damp environments.
3. Malfunctions or damages caused by unauthorized installation, repair, modification, addition, or disassembly by institutions or personnel not authorized by GVM.
4. Modifications, changes, or removals of the original identification information of the product or its parts.
5. Lack of valid warranty card.
6. Malfunctions or damages caused by the use of unauthorized, non-standard or non-publicly released software.
7. Malfunctions or damages caused by force majeure or accidents;
8. Other malfunctions or damages not caused by quality issues of the product itself. In such cases, you should seek solutions from the relevant responsible parties, and GVM will not be held liable. Malfunctions or damages caused by components, accessories, or software not covered by the warranty or beyond the warranty scope that renders the product unable to function properly are not covered by the warranty. Fading, wear, and consumption that is normal during the product usage process are not covered by the warranty.

Product Warranty and Service Support Information

The product warranty period and service types are implemented according to the following "Product Warranty Information" for each product category, component, and optional equipment:

Product Category	Optional	Maintenance Period(Month)	Warranty Service Type
Component	Android integrated display screen	12 Month	Customer service repair
Other	Projection glass, Bluetooth remote control, lens hood , phone/tablet clip, storage bag, and all other accessories.	None	No Warranty
